

Resume Writing Service

About Me:

As a long time employment specialist for 8 years, I know exactly what companies are looking for when they read your resume. I've played the role of reading resumes for many positions for several years and will help you stand out with your resume when applying for jobs. I also taught resume, cover letter and job interview at The Hearing and Speech Center and The Lighthouse for the Blind New Orleans. I provided individualized job preparation, job development, and job retention for the deaf and hard of hearing for 8 years. It is important for me that we collaborate while fine-tuning your document. I truly love helping people. It's amazing what a big difference that a great resume makes. I want people to be successful and it gives me pleasure helping them start their own road to success.
